

Draw a Cockroach

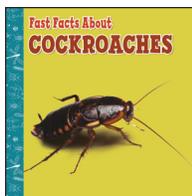

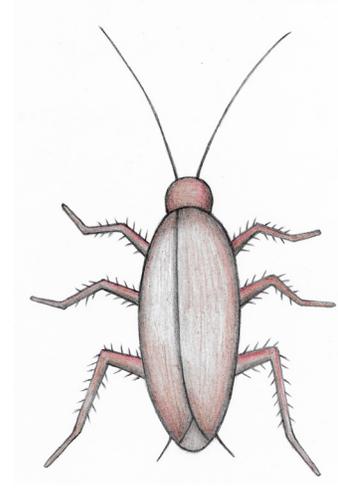

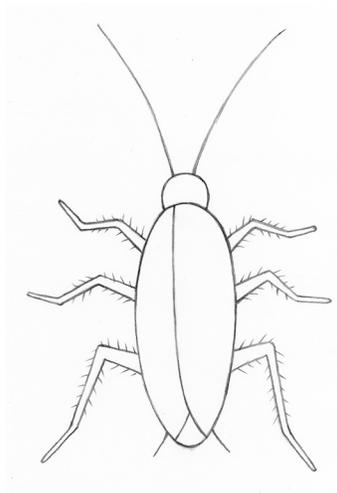

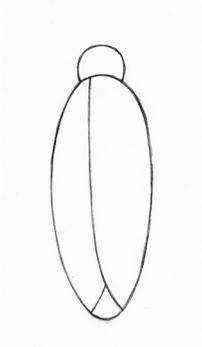

What You Need:

- paper
- pencil
- crayons or colored pencils

What You Do:

1. Draw a long oval for the body. Make a line down it to show the wings. Add a small circle on top for the head.
2. Draw two long antennae. Add six spiky legs. Add two hairs to the bug's rear.
3. Color your cockroach. Most are black or brown, but some are very colorful.
